

## How to Verify UL Listing on [www.UL.com](http://www.UL.com)

Click  
Certifications

Category Code: VZCA for SPDs

Go to [www.UL.com](http://www.UL.com) and click on 'Certifications' in the bottom menu bar. This will pull up a search window with multiple options. You want to type in VZCA into the 'UL Category Code' search box and hit enter or click search. This will pull up an alphabetical listing of all UL 3<sup>rd</sup> Edition listed SPD manufacturers. At the right of each manufacturer is a link to their UL file which contains UL tested VPRs (clamp voltages), I-nominal ratings, MCOVs, Type designations, model numbers, system voltages, and modes of protection.
